FOR IMMEDIATE RELEASE – October 28, 2014

MITCHELL COUNTY, IOWA CRONUS CHEMICALS STATEMENT

Earlier today officials from Cronus Chemicals, LLC announced their final site selection for their fertilizer production facility. “Congratulations to Brian Moody and the community of Tuscola, Illinois.” Brenda Dryer, Executive Director for the Mitchell County Economic Development Commission states, “I am proud of the efforts of the State of Iowa and Mitchell County to become a finalist in a very competitive selection process where hundreds of sites across the Midwest were considered. The Tuscola site offers all the advantages of our dual-served rail site. While we have invested a great amount of resources to enhancing our gas supply options in Mitchell County the final project site in Illinois provides access to multiple interstate gas pipelines. We will remain diligent in our efforts to continue to grow, enhance, and diversify our Mitchell County economy. We have an outstanding ability to deliver what needs to be done to make projects happen!”
